A WOMAN CONFESSES GOLD IN THE TREASURY

Clears the Mysterious Death of Earl Lukens at New Orleans.

CAUSED HIS DEATH IS A WORLD RECORD

The Woman Says She Pushed Him Overboard from a Pleasure Boat and Her Companions Made All Say It Was Accident.

New Orleans, Sept. 9.—A woman's conscience compelled her to reveal the mystery in the death of Earl C. Lukens, manager of the New Orleans branch of a correspondence school. Lukens was believed to have been accidentally drowned on the evening of August 31. On that evening a party boarded the yacht Indian for a sail down the river. On the yacht's return it was announced that Lukens had accidentally fallen overboard and drowned. His body was recovered two days later.

The young wife of a traveling man has confessed to Coroner Richards that she pushed Lukens overboard. She said she had been bantered by Lukens and had warned him that if he kept on she would throw him overboard. He had continued, and she had made good her threat by throwing him overboard. She went on to say she had wished to tell the truth about the affair on the night of the drowning, but had been prevented by a member of the party, who had warned everybody that in justice to her good name they should all stick to the accident theory.

The woman is held by the police as a witness. After she told her story search was made for one of the party, but it was discovered he had left the city.

No Further Arrests Made.

St. Louis, Sept. 9.—Search for nine of the indicated members of the alleged house of delegates "hoolie combine" who have thus far eluded the police and deputy sheriffs, is the principal business of both classes of officers. After a night had passed without their capture their homes and accustomed haunts were searched, but no trace of them was found. All points of egress from the city are guarded.

It has developed that an oath was administered to each of the nineteen members of the combine whose identity was disclosed by confession of J. K. Murrell. It bound the members to absolute secrecy on the pain of death.

Umpire Matthews Still Held.

Chattanooga, Sept. 9.—Deputy sheriffs have arrived from Memphis with Umpire Matthews of the Southern league, who is under arrest on an attachment charging him with contempt of court in refusing to allow St. Vrain to pitch a game here with the Memphis club. Matthews was placed in the county jail, but later Secretary Nicklin of the Southern league made his bond. The attachment is made returnable in chancery court on Sept. 15, but in the meantime it is probable the attorneys for the Southern league will move to quash the proceedings or bring the case up on a writ of habeas corpus.

Preacher Found Half Starved.

Genoa, W. Va., Sept. 9.—Rev. Maurice Wilson, who almost severed his wife's head from her body with a razor on Saturday, as he spoke, "Without shedding of blood there can be no remission of sins," was found in the woods a few miles from his home. He was so exhausted he could not speak. He had had no food since the commission of the crime. He is unquestionably insane and will not be taken to jail. He is over 80 years old.

St. Vincent in Jeopardy.

New York, Sept. 9.—Further news from St. Vincent is awaited with painful interest, cables the London correspondent of the Tribune. The future of the island is in jeopardy, and investigation from a scientific point of view seems absolutely necessary. Colonial Secretary Chamberlain has given no indication of his intentions in the matter, but it is believed he favors the appointment of a commission of inquiry.

No Talk of New League.

Memphis, Sept. 9.—Manager Frank of the Memphis club says there is nothing in the talk of the new Southern league so far as he knows. He also says that George Tabeau, manager of the Louisville team in the American association, is probably down south looking for players. Tabeau has gone to Little Rock.

Castro Wins a Battle.

New York, Sept. 9.—The consul general of Venezuela has received the following undated cablegram from President Castro:

"Fierce battle fought to-day at Finaquillo, in which the revolutionary army under Generals Luciano, Mendoza and Riera was completely defeated, thus insuring national peace."

Shot Her Husband and Suicided.

New York, Sept. 9.—Charles O'Neill, janitor of the New York Fruit Exchange building, was probably fatally shot here by his wife, who then committed suicide. The shooting occurred in an apartment of the building occupied by the janitor and no cause is yet known for the deed.

The Amount There Exceeds Any Previous Time in History.

The Vaults Contains Nearly Six Hundred Million Dollars of the Yellow Metal and Enormous Additions Being Made.

Washington, Sept. 9.—The sum of gold now in the United States treasury exceeds that of any previous time in the history of the country and with one possible exception, it exceeds that of any country at any time in the history of the world. The single reported exception is that of Russia about eight years ago when that country was preparing to resume gold payments.

Last Saturday the vaults of the United States treasury contained \$573,936,194, an increase since July 1, 1901, of \$79,087,397. This stock of gold is now being added to at the rate of from \$200,000 to \$300,000 a day, with no immediate prospect of a cessation in the rate of deposits. This condition of things is eminently satisfactory to the treasury officials who regard it as the best possible evidence of prosperity and of confidence in the financial stability of the country.

Dan Waggoner's Remains Buried.

Decatur, Tex., Sept. 9.—The remains of Daniel Waggoner of this place, who died at Colorado Springs, reached Decatur on the 4 o'clock train Sunday morning. The funeral took place at his residence at 4 o'clock Monday afternoon. The ceremonies were conducted by Rev. J. R. Wages, pastor of the Methodist Episcopal church, of which Mr. Waggoner was a member. A great many people from a distance were present at the interment and the largest procession ever seen in the city followed the body to the cemetery.

Sixteen Years for Forgery.

Beville, Tex., Sept. 9.—In the district court here Will H. Smith pleaded guilty to forgery in eight cases and was given a sentence of two years in the penitentiary in each case. Smith is the young Mineral City merchant who is alleged to have obtained \$30,000 by forging the names of prominent and wealthy men in this section to notes and checks last year and who went to Mexico last December. He was apprehended there and brought back here last July by Sheriff J. E. Wilson of this county.

Fatal Jump from a Train.

Grapeland, Tex., Sept. 9.—Frank Taylor and Bee Cence boarded a freight train at this place to go to Ryan Sunday night, six miles north of here, to deliver a telegram. When they got to Ryan switch the train was going too fast for Bee Spence to get off and he went on to get off at Elkhart, and was found about one-half mile south of Elkhart dead. It is supposed that he fell in trying to get off the train. Spence was about 14 years old and the youngest son of N. E. Spence of this place.

Kickapoo Disappearing.

Guthrie, Okla., Sept. 9.—Seven years ago the Kickapoo Indian allotments were completed, 280 being the total number of the tribe at that time. Since the allotment eighty of the allottees have died. The number born into the tribe since the allotment and now living will not equal a fourth of the deaths. The tribe is being rapidly decimated by disease. Their manner of living without proper shelter in the winter is responsible for many deaths.

May Enjoin the Commission.

Vinita, I. T., Sept. 8.—The fullblood Cherokee Indians, known as the Keetoowahs, are making preparations to raise a fund of \$20,000 for the purpose of enjoining the Dawes commission from enrolling intermarried white citizens of the Cherokee freedmen. They will seek to enjoin the Dawes commission from allotting any lands or distributing any of the tribal funds among these classes of citizens and also to enjoin the secretary of the interior.

Highwaymen at Texarkana.

Texarkana, Tex., Sept. 9.—R. L. Johnson of Arkinda, Ark., was held up and robbed of \$25 at 2 o'clock Sunday morning. About the same hour Joe Conaster of Hudson, Ark., was held up on Front street and relieved of \$45 in cash, his gold watch and his hat. Burglars also entered the residence of Henry Harris on North State Line avenue, but were discovered by the owner, who fired several shots at them as they ran. No arrests have been made, in either case.

Loaded With Dynamite and Arms.

Baltimore, Sept. 8.—Loaded down with dynamite and carrying in her hold a large quantity of ammunition, it is alleged the little steamer Maid of Paducah has sailed from this port. Every member of the crew of 12 carried rifle and cartridges. It was stated that the vessel was to be used in building a jetty at the mouth of the Padua river in Honduras, but along the water front the impression prevails that the steamer is carrying ammunition for the insurgents in Colombia.

Gambling Den Raided.

Dallas, Sept. 9.—County officers and city police made a raid on an alleged gambling place Monday night, under the authorization of the grand jury and arrested about seventy-five men and boys. The raid was attempted about 8 o'clock, but before the officers could effect an entry the doors were closed. It was not until two hours afterwards that they got inside.

May Make More Diocese.

Rome, Sept. 9.—The question of dividing several of the largest American dioceses is engaging the personal attention of the prefect of propaganda, Cardinal Gottl. It is believed the long existing dioceses and archdioceses, numbering about 88, will be so reorganized as to increase the number to 100.

Dr. VanWick Dead.

Chattanooga, Sept. 9.—Grand Master Sargent of the Brotherhood of Locomotive Firemen tendered his resignation to the convention in session here, in order that he might take the office of commissioner general of immigration. It was accepted.

cratic congressional campaign com-
mittee is after the republican full

The Rock Island.

The present prospects for Mad-
isonville to secure the Rock Island
railroad are very poor, as what is
claimed to be the permanent line
has been run about eight miles
west of town, and a right-of-way
eight feet wide has been cut out.

While all recognize the fact that
to lose this road will hurt the town
yet none regret its crossing Madison
county, for it will greatly aid the
progress and development of the
county, besides increasing its tax-
able values a very large amount.

The thing for Madisonville to do
is to tap the main line if it is built
according to present indications in
order to secure the lowest freight

rates, which will soon save the cost
of the bonus that will be required
by the road, besides offsetting the
damage done to the town by the
reason of its building near us:—

SPANISH CONCERT COMPANY.

The Spanish Concert Company ap-
peared for the third time in Bryan at
the Grand opera house last night and
gave what was perhaps the finest
musical entertainment ever heard in
the city. Messrs. Rocabruna and
Roure and Miss Burns comprise
the company, and the vocal music is
in artistic harmony with the high
character of the instrumental
numbers. The audience was delight-
ed beyond expression by the superb
entertainment.

All were familiar with the won-
derful musical ability of the gentle-
men, but the singing of Miss Burns
was another revelation. Miss Burns
is a native of Texas and a daughter
of Postmaster Burns of Tyler. She
is an exceedingly handsome young
woman of the brunette type and her
voice is a dramatic soprano of ex-
ceptional power and quality. Hear-
ing her, one feels that her friends
are justified in their belief that she
is destined to rank with the fore-
most singers of the country.

By request the company will re-
main in the city and give another
performance tonight with an entire
change of program. Those who fail-
ed to hear them last night have an-
other opportunity. Prices remain
the same.

ELECTION IN MAINE

Governor Hill Is Re-Elected Over
Gould, a Democrat.

MAJORITY IS LARGE

The Legislature Will Be Republican,
Though Several Democrats Are
Elected to the Lower House.
Congressmen Republicans.

Portland, Maine, Sept. 9.—Maine
rolled up a big off-year plurality for the
Republicans in the election Monday,
approximating 27,000 in comparison
with 12,000 for the average of other
years. Complete returns will be very
late owing to the remoteness of some
towns. Figures from 240 cities and
towns give Hill, Republican, 40,962;
Gould, Democrat, 24,587. The same
towns two years ago gave Hill, Repub-
lican, 47,431; Lord, Democrat, 27,754.

The legislature, while strongly Re-
publican, will have an uncommon num-
ber of Democratic members, some of
the strongest Republican towns of the
state electing representatives of that
party. The senate will have one Dem-
ocrat in thirty-one members, L. M.
Staples of Knox county.
In the First congressional district,
Congressman Allen, Republican, was
re-elected over Dr. Seth C. Gordon of
Portland, Democrat, and Fred E. Irish,
a Socialistist, with a plurality of about
5500, as against a plurality of 7000 two
years ago. Mr. Allen who succeeded
Hon. Thos. Reed for whom he was
secretary, ran behind his ticket in
York and Cumberland counties. Dr.
Gordon's personal popularity contrib-
uted this result.

In the Fourth district, owing to its
great area, the returns are not com-
plete, but the estimates is Congress-
man Powers, Republican, has been
elected by a plurality of 7000 over
Thomas White, Democrat.

In the Third district, Congressman
Burleigh got the Prohibitionist vote
and ran slightly ahead of his ticket,
defeating E. H. Henson, Democrat.

In the Second district Congressman
Littlefield had no difficulty in defeat-
ing his Democratic opponent, running
well ahead of his ticket.

The city and county contest nearly
all presented features, but the most
interesting was that in Cumberland
county of which the late Rev. Samuel
Pearson was sheriff. The fight, was
won by Pennell, a Democrat, by 1000
in Portland and nearly 2000 in the
county.

WAR IN COLOMBIA.

Ministers Quarreling Among Themselves and Government Steamer Wrecked.

New York, Sept. 9.—Latest advices which have reached here from Bogota, Colombia, are, cables the Kingston correspondent of the Herald, that President Marroquin and Minister of War Fernandez have quarreled, and that the latter is developing a tendency to assume illegal and dictatorial powers.

Senor Martinez Silva, former Colombian minister at Washington, and other prominent conservatives, have been imprisoned for publishing documents criticising the acts of Minister Fernandez and the general government policy.

It is reported that a gunboat of about 250 tons left San Francisco September 2 for Panama, where she is expected about September 15, regarding which the insurgent war vessels have been already advised.

Advices from Carthagena report that the Magdalena river is still blocked. Only four steamers have come down, as passage is difficult, owing to the revolutionary forces holding Point Pinon with powerful artillery.

It is rumored that the government steamers Hercules and Cisneros have been either sunk or captured by the insurgents.

VIOLENTLY INSANE.

Hill County Farmer Is Insane Over Subject of Religion.

Austin, Tex., Sept. 9.—Religion has driven J. A. Reed, aged 50, a prominent planter of Hill county, violently insane. He imagines he is a great preacher, and insists on preaching to everyone. He was brought here by Sheriff W. I. Satterfield of Hill county and City Marshal Patterson, and placed in the state insane asylum. Sheriff Satterfield stated that his condition was such that he had to be confined, as he had threatened to kill his entire family because they were not enthusiastic over religion.

All state institutions are being supplied with fuel oil, notwithstanding the difficulty which the shippers have in securing tank cars from railroads.

The city of Austin is considering the advisability of purchasing the Driskill hotel building for a city hall.

SECOND PRIMARY.

Democrats in South Carolina Selecting
Senators and State Officers.

Columbia, S. C., Sept. 9.—The Democrats of South Carolina vote today in the second primary, to finally determine upon candidates for United States senator, governor and other state officers. The first primary was held two weeks ago, and the candidates for each respective office who polled the two highest votes were rendered eligible to enter this contest.

The two aspirants for United States senator who were voted on in the last primary are Congressman Asbury C. Latimer and former Governor John Gary Evans. In the first primary Congressman Latimer secured a lead of about 4900 votes over Governor Evans, but with the elimination of the other four candidates for this office the chances of Evans and Latimer are regarded as about even.

The two candidates for governor are Captain Duncan C. Heyward and Congressman W. Jasper Talbert. Captain Heyward was far in the lead in the first primary, and his selection is looked upon as almost certain.

In the city of Charleston great interest centers in the candidacy of George F. Von Kolnitz for state senator. Von Kolnitz is bitterly opposed by United States Senator Tillman, who charges that Von Kolnitz supported McKinley in 1896 and 1900. In spite of Senator Tillman's opposition Von Kolnitz led by a large plurality in the first primary. His opponent is John P. Grace, who is regarded as a Tillman candidate.

SENSATION AT ST. LOUIS.

Eighteen Members of City Council Are
Charged With Accepting Bribes.

St. Louis, Sept. 9.—A sensation has been caused by the issuance of bench warrants for the arrest of 18 members of the former house of delegates on the confession of Delegate J. K. Murrell, who fled to Mexico last spring after being indicted for bribery by the grand jury in connection with the alleged boodling operations of the municipal assembly, in relation to the granting of street railway franchises. He will, it is stated, be granted immunity from punishment for turning state's evidence.

With one exception all the indicted delegates are believed to be in the city. Several arrests have been made and the police are watching the bridge and other possible avenues of escape from the city and it will be difficult for any of the indicted men to remain long out of the hands of the law.

J. F. Murrell goes into details and tells how much money was given each and where the money was paid over to those whom he names in his confessions.

THREE HUMAN BODIES.

They Are Found in Chicago and Investigation Is in Progress.

Chicago, Sept. 9.—The discovery of three human bodies at 2709 and 2711 State street has started an investigation of the premises by the police, the coroner and the city health department.

One of the bodies was that of an adult, and the authorities are prepared to believe either that a murder was committed, or that it is simply evidence of an illegal burial. It was found at 2711 State street. The other two bodies were those of babies. They were found in a wooden box, covered with sawdust, in the undertaking establishment of Charles Johnson, 2709 State street. The undertaker declares there was but one body in the box, and he produced a burial permit for it. William McKissock, plumber, who made the discovery, asserts that there were two bodies.

On account of the suspicion the finding of the body has aroused, a thorough examination of the premises will be made, to discover, by excavating, whether other remains have been buried there.

There are surface indications which lead Coroner Traeger and the health authorities to suspect that the backyards of the two places may be found to contain the graves of other persons.

AGAINST SUCH SPORT.

President Does Not Approve of Long
Racing of Horses.

Deadwood, S. D., Sept. 9.—President Roosevelt has put his stamp of disapproval on the proposed cowboy race from Deadwood to Omaha, and the contest has been abandoned. In addition to the president's disapproval there have been received several protests from humane societies. The following is a reply from the president's secretary:

"Oyster Bay, Sept. 5.—Captain Seth Bullock, Deadwood, S. D.: Referring to the proposed horse race from Deadwood to Omaha, the president is not willing to have it take place unless it were possible to exercise supervision over the condition in which the horses would come in, and as this will be impossible he asks you to say in his name he requests the race does not take place."

WARM GREETING.

President Is Welcomed to Asheville by
Ten Thousand People.

Asheville, N. C., Sept. 9.—Asheville extended a warm greeting to President Roosevelt to-day. Fully 10,000 people occupied the courthouse square, where the president addressed them from an improvised stand. The special train arrived here at 9:30 o'clock. The night was passed at Hot Springs, and the run from there to Asheville was uneventful. A short stop was made at Marshall, the home of Senator Pritchard, where a large number of people had assembled. The president thanked them for their greeting.

Crushed by a Train.

Vinita, I. T., Sept. 9.—While trying to make a coupling on a freight train at Alton Sunday, Grant Shipley, a Frisco brakeman, slipped and fell and was run over by the train and instantly killed.

MISS FAY LEE,

President of the Shakespearian Club, Kansas City.

"Your booklet came to my home like a message of health when I had suffered with headache, backache and bearing-down pains. I was weak, nervous and hysterical and had not consulted any doctor, thinking it would pass away in time, but instead I found that the pains increased and were more frequent. I decided to try Wine of Cardui and in a short time was much improved. It seemed to act like a charm. I kept up the treatment and the result was most satisfactory. Words fail to express my gratitude for the suffering that is now saved me. I am in fine health, physically and mentally. I can only say 'thank you', but there is much more in my heart for you."

Miss Fay Lee.

nervous tension. The nerves soon begin to give way under the strain. You perhaps jump at any unusual disturbance, or laugh or weep, hysterically, at no apparent cause. That is what Miss Fay Lee, 603 1/2 North Seventh Street, Kansas City, Kansas, was coming to when she rescued herself by taking Wine of Cardui. The Wine made her a strong, healthy woman again, as it has made a million other women strong and healthy. By inducing regular menstruation the entire system is relieved of the terrible wasting drains. The ligaments which hold the womb in place are strengthened by a healthy flow and that organ is returned to its normal position. Returning health is the result. This is what Wine of Cardui has done for thousands of the best women in America.

If you need advice write The Ladies' Advisory Department, The Chattanooga Medicine Company, Chattanooga, Tenn., describing all your symptoms freely, and a letter of advice will be sent you. Secure a \$1.00 bottle of Wine of Cardui from your druggist to-day.

A million suffering women have found relief in Wine of Cardui.

A WOMAN CONFESSES

Clears the Mysterious Death of Earl Lukens at New Orleans.

CAUSED HIS DEATH

The Woman Says She Pushed Him Overboard from a Pleasure Boat and Her Companions Made All Say It Was Accident.

New Orleans, Sept. 9.—A woman's conscience compelled her to reveal the mystery in the death of Earl C. Lukens, manager of the New Orleans branch of a correspondence school. Lukens was believed to have been accidentally drowned on the evening of August 31. On that evening a party boarded the yacht Indian for a sail down the river. On the yacht's return it was announced that Lukens had accidentally fallen overboard and drowned. His body was recovered two days later.

The young wife of a traveling man has confessed to Coroner Richards that she pushed Lukens overboard. She said she had been bantered by Lukens and had warned him that if he kept on she would throw him overboard. He had continued, and she had made good her threat by throwing him overboard. She went on to say she had wished to tell the truth about the affair on the night of the drowning, but had been prevented by a member of the party, who had warned everybody that in justice to her good name they should all stick to the accident theory.

The woman is held by the police as a witness. After she told her story search was made for one of the party, but it was discovered he had left the city.

No Further Arrests Made.

St. Louis, Sept. 9.—Search for nine of the indicated members of the alleged house of delegates "boodle combine" who have thus far eluded the police and deputy sheriffs, is the principal business of both classes of officers. After a night had passed without their capture their homes and accustomed haunts were searched, but no trace of them was found. All points of egress from the city are guarded.

It has developed that an oath was administered to each of the nineteen members of the combine whose identity was disclosed by confession of J. K. Murrell. It bound the members to absolute secrecy on the pain of death.

Umpire Matthews Still Held.

Chattanooga, Sept. 9.—Deputy sheriffs have arrived from Memphis with Umpire Matthews of the Southern league, who is under arrest on an attachment charging him with contempt of court in refusing to allow St. Vrain to pitch a game here with the Memphis club. Matthews was placed in the county jail, but later Secretary Nicklin of the Southern league made his bond. The attachment is made returnable in chancery court on Sept. 15, but in the meantime it is probable the attorneys for the Southern league will move to quash the proceedings or bring the case up on a writ of habeas corpus.

Preacher Found Half Starved.

Genoa, W. Va., Sept. 9.—Rev. Maurice Wilson, who almost severed his wife's head from her body with a razor on Saturday, as he spoke, "Without shedding of blood there can be no remission of sins," was found in the woods a few miles from his home. He was so exhausted he could not speak. He had had no food since the commission of the crime. He is unquestionably insane and will not be taken to jail. He is over 80 years old.

St. Vincent in Jeopardy.

New York, Sept. 9.—Further news from St. Vincent is awaited with painful interest, cables the London correspondent of the Tribune. The future of the island is in jeopardy, and investigation from a scientific point of view seems absolutely necessary. Colonial Secretary Chamberlain has given no indication of his intentions in the matter, but it is believed he favors the appointment of a commission of inquiry.

No Talk of New League.

Memphis, Sept. 9.—Manager Frank of the Memphis club says there is nothing in the talk of the new Southern league so far as he knows. He also says that George Tabeau, manager of the Louisville team in the American association, is probably down south looking for players. Tabeau has gone to Little Rock.

Castro Wins a Battle.

New York, Sept. 9.—The consul general of Venezuela has received the following undated cablegram from President Castro:

"Pierce battle fought to-day at Finca quillo, in which the revolutionary army under Generals Luciano, Mendoza and Riera was completely defeated, thus insuring national peace."

Shot Her Husband and Suicided.

New York, Sept. 9.—Charles O'Neill, janitor of the New York Fruit Exchange building, was probably fatally shot here by his wife, who then committed suicide. The shooting occurred in an apartment of the building occupied by the janitor and no cause is yet known for the deed.

GOLD IN THE TREASURY

The Amount There Exceeds Any Previous Time in History.

IS A WORLD RECORD

The Vaults Contains Nearly Six Hundred Million Dollars of the Yellow Metal and Enormous Additions Being Made.

Washington, Sept. 9.—The sum of gold now in the United States treasury exceeds that of any previous time in the history of the country and with one possible exception, it exceeds that of any country at any time in the history of the world. The single reported exception is that of Russia about eight years ago when that country was preparing to resume gold payments.

Last Saturday the vaults of the United States treasury contained \$573,936,194, an increase since July 1, 1901, of \$79,087,397. This stock of gold is now being added to at the rate of from \$200,000 to \$300,000 a day, with no immediate prospect of a cessation in the rate of deposits. This condition of things is eminently satisfactory to the treasury officials who regard it as the best possible evidence of prosperity and of confidence in the financial stability of the country.

Dan Waggoner's Remains Buried.

Decatur, Tex., Sept. 9.—The remains of Daniel Waggoner of this place, who died at Colorado Springs, reached Decatur on the 4 o'clock train Sunday morning. The funeral took place at his residence at 4 o'clock Monday afternoon. The ceremonies were conducted by Rev. J. R. Wages, pastor of the Methodist Episcopal church, of which Mr. Waggoner was a member. A great many people from a distance were present at the interment and the largest procession ever seen in the city followed the body to the cemetery.

Sixteen Years for Forgery.

Beville, Tex., Sept. 9.—In the district court here Will H. Smith pleaded guilty to forgery in eight cases and was given a sentence of two years in the penitentiary in each case. Smith is the young Mineral City merchant who is alleged to have obtained \$30,000 by forging the names of prominent and wealthy men in this section to notes and checks last year and who went to Mexico last December. He was apprehended there and brought back here last July by Sheriff J. E. Wilson of this county.

Fatal Jump from a Train.

Grapeland, Tex., Sept. 9.—Frank Taylor and Bee Spence boarded a freight train at this place to go to Ryan Sunday night, six miles north of here, to deliver a telegram. When they got to Ryan switch the train was going too fast for Bee Spence to get off and he went on to get off at Elkhart, and was found about one-half mile south of Elkhart dead. It is supposed that he fell in trying to get off the train. Spence was about 14 years old and the youngest son of N. E. Spence of this place.

Kickapoo Disappearing.

Guthrie, Okla., Sept. 9.—Seven years ago the Kickapoo Indian allotments were completed, 280 being the total number of the tribe at that time. Since the allotment eighty of the allottees have died. The number born into the tribe since the allotment and now living will not equal a fourth of the deaths. The tribe is being rapidly decimated by disease. Their manner of living without proper shelter in the winter is responsible for many deaths.

May Enjoin the Commission.

Vinita, I. T., Sept. 8.—The fullblood Cherokee Indians, known as the Keetoowahs, are making preparations to raise a fund of \$20,000 for the purpose of enjoining the Dawes commission from enrolling intermarried white citizens of the Cherokee freedmen. They will seek to enjoin the Dawes commission from allotting any lands or distributing any of the tribal funds among these classes of citizens and also to enjoin the secretary of the interior.

Highwaymen at Texarkana.

Texarkana, Tex., Sept. 9.—R. L. Johnson of Arkinda, Ark., was held up and robbed of \$25 at 2 o'clock Sunday morning. About the same hour Joe Conaster of Hudson, Ark., was held up on Front street and relieved of \$15 in cash, his gold watch and his hat. Burglars also entered the residence of Henry Harris on North State Line avenue, but were discovered by the owner, who fired several shots at them as they ran. No arrests have been made in either case.

Loaded With Dynamite and Arms.

Baltimore, Sept. 8.—Loaded down with dynamite and carrying in her hold a large quantity of ammunition, it is alleged the little steamer Maid of Paducah has sailed from this port. Every member of the crew of 12 carried rifle and cartridges. It was stated that the vessel was to be used in building a jetty at the mouth of the Paducah river in Honduras, but along the water front the impression prevails that the steamer is carrying ammunition for the insurgents in Colombia.

May Make More Diocese.

Rome, Sept. 9.—The question of dividing several of the largest American dioceses is engaging the personal attention of the prefect of propaganda, Cardinal Gottl. It is believed the long existing dioceses and archdioceses, numbering about 88, will be so reorganized as to increase the number to 100.

The Rock Island.

The present prospects for Mad-
isonville to secure the Rock Island
railroad are very poor, as what is
claimed to be the permanent line
has been run about eight miles
west of town, and a right-of-way
eight feet wide has been cut out.

While all recognize the fact that
to lose this road will hurt the town
yet none regret its crossing Madison
county, for it will greatly aid the
progress and development of the
county, besides increasing its tax-
able values a very large amount.

The thing for Madisonville to do
is to tap the main line if it is built
according to present indications in
order to secure the lowest freight

rates, which will soon save the cost
of the bonus that will be required
by the road, besides offsetting the
damage done to the town by the
reason of its building near us:—

SPANISH CONCERT COMPANY.

The Spanish Concert Company ap-
peared for the third time in Bryan at
the Grand opera house last night and
gave what was perhaps the finest
musical entertainment ever heard in
the city. Messrs. Rocabrana and
Roure and Miss Burns comprise
the company, and the vocal music is
in artistic harmony with the high
character of the instrumental
numbers. The audience was delight-
ed beyond expression by the superb
entertainment.

All were familiar with the won-
derful musical ability of the gentle-
men, but the singing of Miss Burns
was another revelation. Miss Burns
is a native of Texas and a daughter
of Postmaster Burns of Tyler. She
is an exceedingly handsome young
woman of the brunette type and her
voice is a dramatic soprano of ex-
ceptional power and quality. Hear-
ing her, one feels that her friends
are justified in their belief that she
is destined to rank with the fore-
most singers of the country.

By request the company will re-
main in the city and give another
performance tonight with an entire
change of program. Those who fail-
ed to hear them last night have an-
other opportunity. Prices remain
the same.

ELECTION IN MAINE

Governor Hill Is Re-Elected Over
Gould, a Democrat.

MAJORITY IS LARGE

The Legislature Will Be Republican,
Though Several Democrats Are
Elected to the Lower House.
Congressmen Republicans.

Portland, Maine., Sept. 9.—Maine
rolled up a big off-year plurality for the
Republicans in the election Monday,
approximating 27,000 in comparison
with 12,000 for the average of other
years. Complete returns will be very
late owing to the remoteness of some
towns. Figures from 240 cities and
towns give Hill, Republican, 40,962;
Gould, Democrat, 24,587. The same
towns two years ago gave Hill, Repub-
lican, 47,431; Lord, Democrat, 27,754.

The legislature, while strongly Re-
publican, will have an uncommon num-
ber of Democratic members, some of
the strongest Republican towns of the
state electing representatives of that
party. The senate will have one Dem-
ocrat in thirty-one members, L. M.
Staples of Knox county.

In the First congressional district,
Congressman Allen, Republican, was
re-elected over Dr. Seth C. Gordon of
Portland, Democrat, and Fred E. Irish,
a Socialist, with a plurality of about
5500, as against a plurality of 7000 two
years ago. Mr. Allen who succeeded
Hon. Thos. Reed for whom he was
secretary, ran behind his ticket in
York and Cumberland counties. Dr.
Gordon's personal popularity contrib-
uted this result.

In the Fourth district, owing to its
great area, the returns are not com-
plete, but the estimates is Congress-
man Powers, Republican, has been
elected by a plurality of 7000 over
Thomas White, Democrat.

In the Third district, Congressman
Burleigh got the Prohibitionist vote
and ran slightly ahead of his ticket,
defeating E. H. Henson, Democrat.

In the Second district Congressman
Littlefield had no difficulty in defeat-
ing his Democratic opponent, running
well ahead of his ticket.

The city and county contest nearly
all presented features, but the most
interesting was that in Cumberland
county of which the late Rev. Samuel
Pearson was sheriff. The fight, was
won by Pennell, a Democrat, by 1000
in Portland and nearly 2000 in the
county.

WAR IN COLOMBIA.

Ministers Quarreling Among Themselves and Government Steamer Wrecked.

New York, Sept. 9.—Latest advices which have reached here from Bogota, Colombia, are, cables the Kingston correspondent of the Herald, that President Marroquin and Minister of War Fernandez have quarreled, and that the latter is developing a tendency to assume illegal and dictatorial powers.

Senor Martinez Silva, former Colombian minister at Washington, and other prominent conservatives, have been imprisoned for publishing documents criticising the acts of Minister Fernandez and the general government policy.

It is reported that a gunboat of about 250 tons left San Francisco September 2 for Panama, where she is expected about September 15, regarding which the insurgent war vessels have been already advised.

Advices from Carthage report that the Magdalena river is still blocked. Only four steamers have come down, as passage is difficult, owing to the revolutionary forces holding Point Pinon with powerful artillery.

It is rumored that the government steamers Hercules and Cisneros have been either sunk or captured by the insurgents.

VIOLENTLY INSANE.

Hill County Farmer Is Insane Over Subject of Religion.

Austin, Tex. Sept. 9.—Religion has driven J. A. Reed, aged 50, a prominent planter of Hill county, violently insane. He imagines he is a great preacher, and insists on preaching to everyone. He was brought here by Sheriff W. I. Satterfield of Hill county and City Marshal Patterson, and placed in the state insane asylum. Sheriff Satterfield stated that his condition was such that he had to be confined, as he had threatened to kill his entire family because they were not enthusiastic over religion.

All state institutions are being supplied with fuel oil, notwithstanding the difficulty which the shippers have in securing tank cars from railroads.

The city of Austin is considering the advisability of purchasing the Driskill hotel building for a city hall.

MISS FAY LEE,

President of the Shakespearean Club, Kansas City.

"Your booklet came to my home like a message of health when I had suffered with headache, backache and bearing-down pains. I was weak, nervous and hysterical and had not consulted any doctor, thinking it would pass away in time, but instead I found that the pains increased and were more frequent. I decided to try Wine of Cardui and in a short time was much improved. It seemed to act like a charm. I kept up the treatment and the result was most satisfactory. Words fail to express my gratitude for the suffering that is now saved me. I am in fine health, physically and mentally. I can only say 'thank you', but there is much more in my heart for you."

Miss Fay Lee.

nervous tension. The nerves soon begin to give way under the strain. You perhaps jump at any unusual disturbance, or laugh or weep, hysterically, at no apparent cause. That is what Miss Fay Lee, 608 1/2 North Seventh Street, Kansas City, Kansas, was coming to when she rescued herself by taking Wine of Cardui. The Wine made her a strong, healthy woman again, as it has made a million other women strong and healthy. By inducing regular menstruation the entire system is relieved of the terrible wasting drains. The ligaments which hold the womb in place are strengthened by a healthy flow and that organ is returned to its normal position. Returning health is the result. This is what Wine of Cardui has done for thousands of the best women in America.

BEARING-DOWN pains are the worst that women know. If you are suffering from this trouble you need not be uncertain about it. The pains in the abdomen and back that feel as if heavy weights were pulling down on the nerves of the stomach are "bearing-down pains". They may not be particularly severe at present but they are growing worse. That headache which nearly drives you distracted now is caused by the terrible

WINE of CARDUI

A million suffering women have found relief in Wine of Cardui.

SECOND PRIMARY.

Democrats in South Carolina Selecting Senators and State Officers.

Columbia, S. C., Sept. 9.—The Democrats of South Carolina vote today in the second primary, to finally determine upon candidates for United States senator, governor and other state officers. The first primary was held two weeks ago, and the candidates for each respective office who polled the two highest votes were rendered eligible to enter this contest.

The two aspirants for United States senator who were voted on in the last primary are Congressman Asbury C. Latimer and former Governor John Gary Evans. In the first primary Congressman Latimer secured a lead of about 4900 votes over Governor Evans, but with the elimination of the other four candidates for this office the chances of Evans and Latimer are regarded as about even.

The two candidates for governor are Captain Duncan C. Heyward and Congressman W. Jasper Talbert. Captain Heyward was far in the lead in the first primary, and his selection is looked upon as almost certain.

In the city of Charleston great interest centers in the candidacy of George F. Von Kolnitz for state senator. Von Kolnitz is bitterly opposed by United States Senator Tillman, who charges that Von Kolnitz supported McKinley in 1896 and 1900. In spite of Senator Tillman's opposition Von Kolnitz led by a large plurality in the first primary. His opponent is John P. Grace, who is regarded as a Tillman candidate.

SENSATION AT ST. LOUIS.

Eighteen Members of City Council Are Charged With Accepting Bribes.

St. Louis, Sept. 9.—A sensation has been caused by the issuance of bench warrants for the arrest of 18 members of the former house of delegates on the confession of Delegate J. K. Murrell, who fled to Mexico last spring after being indicted for bribery by the grand jury in connection with the alleged boodling operations of the municipal assembly, in relation to the granting of street railway franchises. He will, it is stated, be granted immunity from punishment for turning state's evidence.

With one exception all the indicted delegates are believed to be in the city. Several arrests have been made and the police are watching the bridge and other possible avenues of escape from the city and it will be difficult for any of the indicted men to remain long out of the hands of the law. J. F. Murrell goes into details and tells how much money was given each and where the money was paid over to those whom he names in his confessions.

Carlos Want No Uprising.

THREE HUMAN BODIES.

They Are Found in Chicago and Investigation Is in Progress.

Chicago, Sept. 9.—The discovery of three human bodies at 2709 and 2711 State street has started an investigation of the premises by the police, the coroner and the city health department.

One of the bodies was that of an adult, and the authorities are prepared to believe either that a murder was committed, or that it is simply evidence of an illegal burial. It was found at 2711 State street. The other two bodies were those of babies. They were found in a wooden box, covered with sawdust, in the undertaking establishment of Charles Johnson, 2709 State street. The undertaker declares there was but one body in the box, and he produced a burial permit for it. William McKissock, plumber, who made the discovery, asserts that there were two bodies.

On account of the suspicion the finding of the body has aroused, a thorough examination of the premises will be made, to discover, by excavating, whether other remains have been buried there.

There are surface indications which lead Coroner Traeger and the health authorities to suspect that the backyards of the two places may be found to contain the graves of other persons.

AGAINST SUCH SPORT.

President Does Not Approve of Long Racing of Horses.

Deadwood, S. D., Sept. 9.—President Roosevelt has put his stamp of disapproval on the proposed cowboy race from Deadwood to Omaha, and the contest has been abandoned. In addition to the president's disapproval there have been received several protests from humane societies. The following is a reply from the president's secretary:

"Oyster Bay, Sept. 5.—Captain Seth Bullock, Deadwood, S. D.: Referring to the proposed horse race from Deadwood to Omaha, the president is not willing to have it take place unless it were possible to exercise supervision over the condition in which the horses would come in, and as this will be impossible he asks you to say in his name he requests the race does not take place."

WARM GREETING.

President Is Welcomed to Asheville by Ten Thousand People.

Asheville, N. C., Sept. 9.—Asheville extended a warm greeting to President Roosevelt to-day. Fully 10,000 people occupied the courthouse square, where the president addressed them from an improvised stand. The special train arrived here at 9:30 o'clock. The night was passed at Hot Springs, and the run from there to Asheville was uneventful. A short stop was made at Marshall, the home of Senator Pritchard, where a large number of people had assembled. The president thanked them for their greeting.

Crushed by a Train.

Vinita, I. T., Sept. 9.—While trying to make a coupling on a freight train at Alton Sunday, Grant Shipley, a Frisco brakeman, slipped and fell and was run over by the train and instantly killed.

NEWS IN BRIEF.
